Preliminary Proxy Statement on Schedule 14A filed July 26, 2017

General

1. We note your disclosure that you filed a Certificate of Amendment with the Delaware Secretary of State following the 2017 Annual Meeting increasing the number of authorized shares of common stock. We also note your disclosure that if the Special Meeting Proposal does not receive the requisite vote to ratify the approval of the Amendment, the Board will consider "whether to implement a plan to conserve shares and assess any further actions that may be appropriate." Please expand your disclosure to clarify the legal consequence of the vote in the event that you do not receive the requisite vote to ratify the approval of the Amendment. For instance, state whether you will revert to having 40,000,000 shares of authorized common stock.
